

Open Enrollment

Open enrollment is an annual opportunity for you to review and make changes to your benefits. With TouchCare, you have an expert Health Assistant in your corner who can help you select the best plan for yourself and your family.

Open Enrollment Support

Healthcare is confusing. Our experts help you find the best plan for your personal situation.

Fully Personalized

Our Open Enrollment experts are here to address your unique healthcare needs. We'll help you choose a plan that best matches your preferences.

Total Benefit Support

Our Health Assistants are experts available to help you select the best health plan. They'll also give you advice on ancillary benefits (FSA/HSA).

Completely Free

What more can we say? Getting support costs you and your family nothing. We'll help you maximize your benefits package and save money.

Making Secondary benefits a priority

FSA, HSA, HRA...do these acronyms make your head spin? TouchCare can explain these in plain English. Understanding how to use these benefits effectively translates to real savings.
